The Intelligence and Analysis Bureau of the N country's Ministry of Foreign Affairs is an organization that mainly conducts intelligence assessments. One of its missions is called "honey trap". Male analysts in the ministry are divided into "male roles" and "female roles" - they then get paired up as "buddies" and carry out secret trainings night after night!

The chief analyst, Horyuu's "buddy" is Todou Mao, a beauty who joined at the same time as him. During their first night of training Horyuu loses his self-control because of Todou's charm, and ever since then, their relationship has become awkward—?

THE DIRECTOR
TOLD ME
TO GIVE YOU
THIS MESSAGE
ADVANCE LETTER

HA
HEY

DO YOU
EVER HAVE
A FEELING OF
SOMETHING
SO COOL...

NO,
ACTUALLY

There's a special
Training Program
for a Hunter
on how to gather
information about
enemy targets.

HA
HEY

HE WAS INFORMED
AS MY PARTNER
DURING THE CLASS OF
SPECIAL INFORMATION
TRAINING

is the
possibility
of your
death?

At least,
not on the
surface.

However,
as through the
back door, the
CIA recruits
these students
locally.

Only male analysts
are allowed to carry
out such missions,
and individual train-
ees have to be
loyal to the CIA
during the entire

in the country's
Ministry of
Foreign Affairs.
But the small size
of the national
intelligence service
helps prevent
any complete
penetration.

Participants are
drawn largely
from the military
and government
bureaucracy and
the private sector.
However, they are
drawn to-
gether to be
trained.

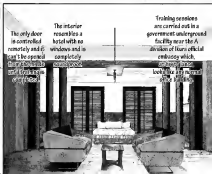

Each time, they are
in the country for
about a month.
The CIA department
will determine when
to go and how long
to stay.

And the
details of the
training is
top secret.

The only door
is controlled
remotely and it
can't be opened
from the inside
and training
is carried out.

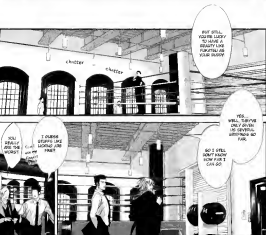

The interior
resembles a
hotel with no
windows and is
completely
soundproof.

Training sessions
are carried out in a
government underground
facility near the A
division of the official
embassy which,
unusually, does
look like any normal
office building.

In short,
having the
organization's
approval and in the
guise of training,
they can engage in
sexual activities
as they want
if both parties
say yes to it.

That's really quite
flexible for the
first time, isn't it.
After that, the ladies
are left to their conso-
les to continue with the
training that they please.

IS THAT
TRAIL?

CHIEF HARVEY...
I HEARD THAT
YOU'RE ASSISTANT
TODD'S BUDDY

THERE'S ONE
